Good Evening Team,

I hope everyone is staying warm out there. In addition to the NASDAQ Webinar on Thursday, Joel Farran, Associate Director of Career Development will join us for the first lunch and learn of the term. Aside from taking the opportunity to check-in and connect with the cohort, Joel will discuss additional resources available now and those available to you post-graduation.

EMBA Chicago Speakers

We want an engaging experience for the cohort. We have created the EMBA Speaker Series form. Tell us what topics, people or industries are interesting to you. The form will remain open and you can submit more than once. Ryan Retartha shared recent feedback he received from you as well, and we are beginning to build a speaker portfolio for the spring term and beyond.

EMBA Student Portal

We are excited to launch the Mendoza EMBA Student portal. The portal's purpose is to be a one-stop landing page that links to the most salient University information and EMBA program-related policies, schedules, and resources. While most information is consistent for all EMBA cohorts on the Chicago and South Bend campuses, where data is cohort-specific, we identified it with your campus and class year identification. The Mendoza EMBA Portal is an evolving platform that keeps with the portal across all our degree programs. As we work to make the portal robust for our Executive Program students, we welcome your feedback!
