

*"The secret of change is to focus all your energy not on fighting the old but on building the new." —
Socrates, father of Western philosophy*

Residency Reminders | January 11 – 13

(Reminders posted on the EMBA Portal under [Residency Announcements](#))

Dear Irish:

Happy New Year! I hope everyone's holidays were magical and not too hectic. We are excited to start the spring term with a fantastic faculty line-up. Please take a moment to read a few important notes.

Inclement Weather

The weather forecast for the residency looks like it may lend to an exciting commute. Please know that we continually monitor the forecast in advance of residency weekends as the heart of winter approaches. If closure is warranted, ideally, we will communicate to the cohort at least a day before the start of the residency; however, please be advised that Notre Dame rarely cancels classes.

That said, your safety is our priority, and we trust your judgment as you monitor your local weather, flight reports, and road conditions. If necessary, especially for our non-local students, a shift to remote is understood even at the last minute. Please inform your faculty, learning team, and Student Services of your change in travel plans absence. Again, the expectation is a full, in-person residency, even with winter weather.

Set-Up Notes

Beginning this term, I will no longer attach the set-up notes but instead embed them in the announcement in a bulleted format as Academic Operations has adjusted how they share the information with Student Services.

Reminder | Class Day Opening Prayer/Intention

Please let Suzanne or me know if you want to lead a class prayer or share a poem or intention for this residency.
