EMBA Class of 2025 Lodging Guide | Fall Term 2024

Please read the entire Lodging Guide. The Mendoza Graduate Student Life Team has made revisions affecting the Fall 24 term. Thank you.

Lodging – Immersion Weeks versus Residency Weeks

Immersion Weeks – EMBA Program Books

The EMBA program has three Immersion weeks in total. For your cohort:

Immersion 1 Now Irish & EIL took place on the Notre Dame campus.

Immersion 2 was a hybrid where students chose either an on-campus or international experience.

Immersion 3 will take place internationally and will require overseas travel for the entire cohort.

The EMBA Program selects the hotel and books the lodging for the entire cohort for Immersion weeks. The Program includes lodging costs in your tuition and expects all students to stay at the location to efficiently work in learning teams and build relationships with their EMBA peers. Therefore, you do not need to book lodging for Immersion Weeks. We have you covered, and you can cross this off your list.

Residency Weekends – Students Book

Residency weekends are typically Thursday – Saturday, during business hours. Occasionally, you will have evening sessions during residency weekends. Lodging for Residency weekends is at the student's discretion, and you may choose your lodging location. However, you may want to book a room using one of the ND-negotiated room rates.

ND Discount Rates & Room Blocks

Notre Dame experiences high-traffic weekends throughout the year, such as home football games, parent's weekends, or other campus community events. On such weekends, hotel availability and price are at a premium. To help EMBA students have access to lodging when high traffic and residency weekends overlap, the EMBA team has compiled ND discount rate information and, when available, a block of rooms at one or more hotels near campus. Booking a room within the ND room block is optional.

Note: The hotels guarantee room availability on a first come basis; however, the price may fluctuate at some properties. We have noted steady pricing where offered.

Access to ND Discount Rates & Room Block

At the start of each term, the EMBA Program provides suggestions and, when available, access to the ND discounted rates or room blocks via secured reservation codes or links. The student is responsible for all lodging expenses, and reservation communication is between the student and the hotel.

Below are the suggested hotels and, when available, the instructions or unique links to ND discounted rooms. A student may make a reservation for all or none of the residency weekends.

- The discounts and rooms are available on a first-come basis, so we recommend booking for the entire term as soon as possible.
- Links may note the earliest date to check in and the last date to check out for that particular residency.
- After receiving the hotel's confirmation email, you may contact them directly to extend the reservation and include additional dates. All dates are subject to availability. A student may cancel their reservation per the hotel's standard cancelation policy. Check the hotel's cancelation policy – it may include an additional fee for high-traffic weekends.

Please reach out if you have any questions.

I am happy to help.
Cassie
